GMT+4

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Webinar

Scientex Conferences is dedicated to hosting world-class conferences, seminars, and workshops, bringing together leading experts and professionals from diverse fields. We provide a platform for meaningful collaboration, knowledge sharing, and research advancements, enabling individuals and organizations to drive innovation and achieve international recognition. Join us for the **International Webinar on Midwifery and Women's Healthcare**, organized by **Scientex Conferences**, on **November 12-13, 2025**, aligned with **Dubai, UAE (GMT+4)** time. Under the theme "**Fostering Excellence in Midwifery and Women's Healthcare: Advancing Practices, Enriching Outcomes**," this virtual event will facilitate discussions on emerging healthcare trends, best practices, and transformative approaches in women's health. Attendees will have the opportunity to learn from esteemed speakers, participate in expert-led sessions, and engage in interactive discussions that foster new perspectives. This webinar promises to be a vital gathering for professionals committed to improving healthcare outcomes for women worldwide. ([click here for more](#))
